

WARRANTY POLICY

All JET branded products are manufactured to the highest standards and are guaranteed against defects in workmanship and materials when the tool is used for the purpose for which it was designed. Any JET product that fails during normal use and within the specified warranty period stated below, will be repaired or replaced, at JET's discretion, at no charge to the customer. This warranty is void if there is evidence of misuse, abuse, alteration or normal wear and tear. No claims for damages of any type will be considered and all product is sold with this specific understanding.

Any JET material handling product for which there is a warranty claim should be returned prepaid to an authorized JET distributor or service centre along with proof of purchase and an explanation of the defect.

1 Year Limited Warranty

GENERAL INFORMATION ON JET CHAIN HOISTS AND PULLERS

CUSTOM LIFTS: Custom lifts are available. However, custom lift hoists and pullers are not returnable.

CAUTION: Be sure that supporting structures and load-attaching devices used in conjunction with hoists provide an adequate safety factor to handle the rated load plus the weight of the equipment. If in doubt, consult a qualified structural engineer. This equipment is not to be used for lifting, supporting or transporting people, or lifting or supporting loads over people.

IMPORTANT: Before installation see maintenance and operations manual for additional warnings and precautions.

EXTENSION SHAFT KITS

- Converts trolleys for use on beams with flange widths from 8" to 12"
- Includes suspension shaft, washers, castle nuts and split pins
- Fits SBT and SGT series trolleys
