

THIS IS BEYOND™

INTRODUCING NŪVO™ SAFETY EYEWEAR

NŪVO™ brings the extremely popular "retro style" reinterpreted, for protective eyewear. While it has a fashionable dual-lens look, it's actually a tough, lightweight, one-piece lens with outstanding protective and comfort features.

NŪVO. THE LOOK THEY WANT, THE PERFORMANCE THEY NEED.

INTRODUCING NŪVO™ SAFETY EYEWEAR

The Look They'll Wear.

NŪVO eyewear features the "retro-style," the latest fashion statement in eyewear and sure to be a boost to compliance in the workplace. It has the classic look of a dual-lens, but it's actually a lightweight (only 1.2 oz.) one-piece lens with all the function and performance advantages.

The Performance They Need.

The tough polycarbonate lens protects against high impact, and provides 99.9% UV protection. The integral side shields provide excellent profile protection. The clear and gray lens feature anti-fog coating. There's even a protective brow bar to guard against falling particulates, and to help cushion the brow on impact.

NŪVO safety eyewear meets ANSI Z87.1 and CSA Z94.3 standards.

Soft temple tips provide all-day comfort.

The Fit & Comfort They Want.

NŪVO is versatility, and retro styling at its best. Adjustable length temples allow for custom fitting. Soft tips on the temples provide greater head comfort—without hot spots. There's also a soft, universal-fit nosepiece that fits virtually all facial profiles.

Now with magnification for reading!

NŪVO bifocal readers are now available in three different magnification diopters - 1.50, 2.00 and 2.50 for workers who have difficulty reading smaller print or who are engaged in small detail work.

Lenses available in Clear, Gray and Indoor/Outdoor Mirror.

Soft, universal-fit nosepiece.
